## ITEM No. 2 – CONTRACTOR'S QUESTIONS

### **1. What is the Badging process and timing for this project?**

*Schenectady County Airport does not require Badges for workers associated with this project.*

*In some cases, various individuals may be required by the New York Air National Guard (NYANG) to have background checks performed and to receive a Badge. Due to this project primarily being completed off the secured property of the NYANG, blanket background checks/badging will not be required for all employees of the prime and sub-contractor employees. Due to a small portion of this project being completed immediately adjacent to the NYANG Ramp entrance, a few individuals may be required to submit to background checks. There is no payment required for this to be completed and can be completed upon the start of construction. No delays will be encountered due to these background checks/badging.*
